1. Aims of the Youth Program

SCA aims to encourage young people to be active participants in the Sister City movement.

The program shall address the following:

- To develop an understanding of the Sister City movement amongst the young people.

2. The Program

- The host city is required to prepare a Draft Youth Program based on combined knowledge and effort. The SCA Executive Committee shall review, and upon their satisfaction approve and endorse the program at the Conference Planning meeting with the host city. As the youth program is for young people involved in sister city activities the formal program content **should** where possible focus on relevant issues associated with the sister cities movement rather than general youth issues.

Ensure that a session is included on Day 1 of the program to introduce delegates to the idea and concept of the sister cities movement.

Ensure that a session is included on the final day to bring the youth program to some form of conclusion so that youth delegates go away with a clear understanding of what they learnt over the duration of the conference.
